

Citizen Resolution # 240421

(For Hearing Officer completion)

Little Green Lake panfish limit from 25 to 10 per day

Little Green Lake is a 465 acre lake that is known for great panfish. It is fished hard both during summer and winter. With the number of fisherman, cell phones and fishing electronics the fishing pressure has hurt panfish numbers. Reducing the limit from 25 to 10 will increase size and population. Many homeowners and businesses around the lake would like to see the total number of panfish go from 25 to 10 per person per day.

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
