

Citizen Resolution # 320221

(For Hearing Officer completion)

Pool 7 panfish daily, and possession limits

This resolution is out of concern for pool 7 panfish possession and daily bag limits. Do to the huge population growth in the trystate area, there is so much pressure on spawning and fall fish in this pool that fish numbers and size of fish have declined. We all know that the law was changed from 25 to 15 per type of fish. Even with that in place the local and out of state pressure will have a negative affect on our fish populations, this small pool can not hold up to that type of pressure year in and year out, being that small of a pool compared to others up and down the Mississippi. So the resolution I am putting in is a 10 fish limit across the board bluegill, crappie and perch for at least 8 to ten year run, to try and rejuvenate our populations. And also raise our out of state lisencc fees. I hope this is enough but I have never sent in a resolution before. it is no secret that pool 7 has experienced massive amounts of fishing pressure.

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
