

Citizen Resolution # 350121

(For Hearing Officer completion)

Wolf population goal

Whereas the WCC passed a resolution regarding the wolf goal in WI in 2011 supporting 350 or less.

And whereas the wolf population chosen based on landscape analysis of Wisconsin for appropriate wolf habitat indicated 350 as the appropriate goal.

And whereas the remote forested areas with little human presence have not increased since the habitat analysis determined a goal of 350 wolves.

Therefore, be it resolved that the WCC advises the DNR that 350 remains the appropriate wolf goal for Wisconsin.

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
