Ryan,

Thank you for submitting the 2018 Q1 Progress Report. My only comment is:

In the Schedule of Upcoming Activities, Tyco states it intends to “Implement the remaining storm water management and storm sewer improvements.” Please add performance sampling to evaluate the performance of the storm water improvements against baseline data from the October 2015 outfall investigation report, as agreed to in Tyco’s November 4, 2016 Response to EPA Review of “Stanton Street Stormwater Improvement Plan dated September 7, 2016.”

Please let me know if you have questions.

Thank you,
Conor

Subject: Quarterly Progress Report Tyco Quarter 1

Hi Conor,

Attached is the Quarterly Progress Report for the first calendar quarter of 2018. I apologize for this being a day late, the site was closed for safety reasons yesterday as Marinette received 20” of snowfall from Saturday through Sunday.

Please let me know if you have any questions or concerns,

Thanks,

Ryan Suennen | Environmental Field Projects | Johnson Controls International plc, Marinette Operations
