Subject: RE: Tyco - EPA Request for VI Assessment Update
Date: Thursday, February 06, 2020 1:43:22 PM

We are scheduled to be taking the samples in Building 14 next week. In addition, the response to comments on VI Work Plan are under internal review and should be to the agencies next week.

Also to let you know Jacobs is nearing completion of the draft porewater investigation report and the annual report. Following internal review, they will be submitted to the agencies.

Per discussion today, we will set up a meeting for the week of April 27, most likely for the 29th at the Marinette site.

Subject: Tyco - EPA Request for VI Assessment Update

Mr. Danko,

Please provide an update on your progress related to the September 27, 2019 Vapor Intrusion

Assessment and Work Plan. Additionally, EPA is requesting an update on the vapor intrusion assessment of Building 14 by COB February 7, 2020 as this pathway was identified as a priority by EPA and WDNR in our December 18, 2019 comment letter.

Thank you,

Jennifer Dodds

Subject: EPA Review of Tyco 9-27-19 VI Work Plan - 12-18-19

Mr. Danko,

Please find attached an electronic copy of the December 18, 2019 EPA review of the September 27, 2019 Vapor Intrusion Assessment and Work Plan (VI Work Plan) for the Tyco Fire Products LP, Stanton Street Facility, located in Marinette, Wisconsin. The September 2019 VI Work Plan was reviewed by both EPA and WDNR and a signed copy of this comment letter was mailed out to you. Should you have any questions regarding this matter, please let me know.

Thank you,

Jennifer Dodds
