Margaret, Judy & Jenna:

Per Jenna's request in the DNR correspondence dated March 27, 2019 to Oliver Fiontar, LLC, we are providing the Department with notice within 5 business days of receiving the letter that we consent to the proposed amendment described within the letter along with the agreement by the DNR to include a comment within the newly created BRRTS numbers which shall read: "All Superfund Activities tracked under BRRTS 02-46-000795/Also see BRRTS 07-46-581557 for the Negotiated Agreement." The Department's letter was received by Oliver Fiontar, LLC on March 30, 2019.

I have copied the EPA's Regional Project Manager Krista McKim on this email to inform her of Oliver Fiontar, LLC's provision of its consent to the proposed amendment and the inclusion of the requested language regarding the Superfund Activities being tracked under BRRTS 02-46-000795.

Please let me know if you have any questions regarding this provision of consent.
