Good afternoon, Ms. Norman:

Drake Consulting Group, LLC has received a copy of your August 2019 letter entitled, "Review of Site Investigation Workplan" and is in the process of preparing our response. Your letter requested that we provide a revised workplan that proposes activities intended to define the degree and extent of contamination, identify necessary remedial actions, and otherwise address the comments contained within your letter.

Via this email, we are requesting that the DNR provide Oliver Fiontar, LLC with an extension of the 45 day deadline identified in your correspondence so as to permit Drake to provide the Department with a satisfactory response. We would anticipate that Drake's revisions to the previously submitted workplan can be completed and submitted by October 31, 2019.

Please let us know if the proposed October 31, 2019 deadline is acceptable.

Thank you,  
Chelsea Corson
