Dave,

Thank you for your prompt response. The DNR agrees to push back the submittal deadline for the requested information to **October 2, 2019**.

Thank you for staying in communication.

Have a good weekend,
Dave

We are committed to service excellence.

Hi Dave,

Thank you for the call and email. I have attached a formal extension request with the details. Please let me know if you have any questions. Our goal is to get you the majority of the information as soon as its completed.

Best Regards,

Dave

Subject: RE: ChemDesign RP Letter deadline extension

Dave,

Thank you for the email. Please provide a revised extension request formally on ChemDesign letterhead. In your revised request, please describe the scope of what specific information you will be requesting a Wis. Admin. Code NR 2.19 application for confidential status and include specific reasons why this process requires an additional 30 days to prepare. The department understands that you have trade secret confidentiality concerns. Please describe the scope of what information that is **not** going to be part of an NR 2.19 application and include specific reasons why that information requires an additional 30 days to prepare. The department encourages and accepts partial answers if you have portions of the response available by September 2, 2019. Upon receipt of your revised extension request, I will confirm whether the extension is approved. Let me know if you have any follow up questions.

Thanks,
Dave

Subject: ChemDesign RP Letter deadline extension

Hi David,

I am sending this email as a follow up to the voicemail I left this morning.

ChemDesign is requesting a 30 day extension (October 2, 2019) to respond to the July 2nd, 2019 letter due to the complexity and confidentiality in coordinating as a tenant/landlord/toller with Tyco. Call me if you would like to discuss. If an extension is approved, please confirm via email that the new deadline is October 2nd.

Best Regards,

Dave Mielke
