Subject: Tyco - Upcoming Drilling and Groundwater Sampling Work

Follow Up Flag: Follow up
Flag Status: Flagged

Categories: Green category

Conor and Angie,

Wanted to notify you that Jacobs and the drilling subcontractor are planning to mobilize to the site next week Wednesday 6/5 and we will start the drilling activities Thursday 6/6, starting with field confirming and finalizing the enhanced monitoring well locations (per the draft Addendum) and conducting the utility locates. The drilling activities are estimated to take 6 days and we will be working over the weekend.

Semi-annual groundwater sampling will follow shortly after the drilling work. We are finalizing the details but are planning to start sometime between 6/17 and 6/24.

Thanks,

Heather Ziegelbauer, PE*

Jacobs
