Subject: RE: Compliance Assistance - Waste History Document Extension Request

Jeff,
Jeff, here is the follow-up e-mail to our discussion on Friday May 1, 2020.

On Friday, May 1, 2020, the DNR reviewed your Waste History Document Extension Request compliance assistance request. After review, the DNR concurs with the alternative schedule to provide the Waste History Document Extension Request on May 8, 2020.

1. Name of the facility/site Tyco Fire Technology Center and Stanton Street Facility

2. Contact information for the central point of contact for the facility/site:
 1. Name of person notifying [Jeff Danko](#)
 2. Address [5757 N. Green Bay Ave](#)
 3. City/Town [Milwaukee](#)
 4. State/Province [WI](#)
 5. Zip/Postal Code [53209](#)
 6. Email Address Jeffrey.howard.danko@jci.com
 7. Phone Number [262-349-2528](#)
 8. Primary DNR Contact for Site or Facility [Dave NESTE](#)
3. State what specific statute/rule/permit condition the individual party is looking for flexibility from. Pursuant to the draft schedule submitted by Tyco on March 12, 2020, Tyco had proposed a deliverable date of May 1, 2020 for documentation of waste and disposal history at the facilities. Due to reduced work schedules and staff availabilities related to the COVID-19 outbreak, Tyco is requesting a one week extension of the May 1, 2020 to May 8, 2020.
4. Include the reasoning/rationale for the request and related to the COVID19 emergency (1 paragraph summary on why the COVID19 emergency justifies the assistance sought and what actions the requestor took prior to the request to meet the requirement). Document preparation has been ongoing to attempt to meet the deliverable date; however, due to COVID-19-related work limitations and restrictions, staff needed to collate, review, and document the activities have experienced reduced access to data files and time to prepare the document.
5. Include bulleted points of what measures will be taken to mitigate/minimize the potential environmental impacts (if any). We continue to communicate deliverable schedules and level of effort to complete activities as detailed in the project schedule. Regular internal meetings and discussions occur to manage the project schedule and implement corrective actions as needed.
6. Specify the specific time period that the request is for including the rationale. We are requesting an extension of one week (May 8, 2020) for completion of the deliverable.

We are committed to service excellence.
