Subject: RE: Fong Family, LLC (BRRTS# 02-37-587441) - Site Investigation Work Plan

Matt,

I took a brief look at the submittal, a fee was not submitted but I wanted to offer comments before field work commenced. The boring logs from the Geotech report indicate the presence of historic fill material at the site. Please include PAH sampling in the soil and groundwater assessment. An emerging contaminant/PFAS scoping statement will be required as well. A stand alone document can be provided or the SIWP can be amended to include this.

Thanks much,
Matt

We are committed to service excellence.

Subject: Fong Family, LLC (BRRTS# 02-37-587441) - Site Investigation Work Plan

Matt,

The site investigation work plan for the above site, in Wausau, WI, has been uploaded via the RR Submittal portal. REI has scheduled the field work (soil borings) to begin Monday, May 10, 2021. Please let me or Brian know if you have any questions or need any additional information.

Thank you,

Matthew Michalski
