Subject: Wausau Center Mall Former BRRTS#02-37-587769 Closure

Chase- I ran through the closure packet for this site and would like arsenic in the soil tables to be called out as exceeding RCLs. Given the nature of contamination I believe it is reasonable to consider the detection limit as an RCL for this site. Please italicize/bold as needed and resubmit the tables. The site will be closed out after the Department receives the updates.

Thanks,
Matt

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
