Subject: Vapor Intrusion Workplan, Mercury Marine Plant No 1 Fmr, BRRTS #: 02-46-588930

Good morning Travis. The DNR letter dated July 20, 2022 regarding the required vapor intrusion work had a deadline for the submittal of a workplan of August 20, 2022. That deadline has passed. Can you give me an update of when that workplan will be submitted to the DNR?

We are committed to service excellence.
