Subject: Remediation of Mercury Marine Old Plant No. 1

Dear Ms. Schaver:

The purpose of this letter is to find out the status of the remediation of the Mercury Marine - Old Plant No. 1 in Cedarburg, Wisconsin, of which Weil Pump presently leases.

I have been directed by Mr. Jim Schmit that this project is in your care. Mercury Marine says that they have submitted remediation plans to the State of Wisconsin numerous years ago.

Weil Pump would like an update on this project. Weil is looking at upgrading this facility, and we do not want to have any interference with any upcoming remediation work.

I can be reached at the above address.

Very truly yours,

WEIL PUMP COMPANY INC
