Greetings,

Thank you for submitting the *Remedial Action Documentation Report* (the Report) to the RR Program's electronic submittal portal on December 28, 2023, for the subject site. The Report requests an expedited DNR review and approval in 15 days. As a reminder, the DNR generally has a goal to provide formal reviews and written responses to fee-based Wis. Admin. Code NR 700 submittals within 60 days of receiving the applicable report. However, the DNR will work to accommodate your requested expedited review of this submittal. The DNR has a goal to provide CWC with a formal review and written response within 45 days of receiving the Report, by February 11, 2024.

Thank you, Jane
