Mr. Thomas P. McElligott  
Quarles & Brady  
411 East Wisconsin Avenue  
Milwaukee, WI 53202-4487

Dear Mr. McElligott:

Subject: Submittal of Remedial Investigation Report for  
Former Mercury Marine Plant No. 1

Enclosed are five copies of the Remedial Investigation Report prepared by CH2M HILL for the former Mercury Marine Plant No. 1 in Cedarburg, Wisconsin. I understand that you will handle distribution to appropriate counsel.

This report fulfills the scope of work described in CH2M HILL's Work Plan dated February 1992. Submittal of this report is ahead of the required due date of May 21 that was called for in the DNR's letter of conditional approval, dated November 24, 1992.

It has been a pleasure working with you and Tom on this assignment, and I look forward to continuing our work as we move towards resolution of the issues related to Mercury Marine's former Plant No. 1.

Sincerely,

CH2M HILL
