

# Citizen Resolution # 030522

(For Hearing Officer completion)

## CWD testing of all hunter harvested deer

With the continued spread of CWD in Wisconsin the prevalence rate is unknown due to insufficient samples from hunter harvested deer. With an unknown prevalence rate in each county due to lack of sample submissions, it is proposed that all hunter harvested deer be tested for CWD for a one year harvest season to determine every county's CWD prevalence rate for CWD .

**Would you support the WCC requesting the DNR mandate 1 year of all hunter harvested deer be submitted for CWD testing in each county to properly manage CWD in Wisconsin?**

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
