Citizen Resolution # 041022

(For Hearing Officer completion)

Eliminate the two-month summer period designated for training hounds to pursue bear in Wisconsin.

Presently, the State of Wisconsin allows residents and those from out-of-state to train dog packs to pursue wild bear on public land during the months of July and August. This activity must be stopped for the following reasons: Running dogs in the height of summer heat is cruel to the hounds, to the prey and to any other wildlife in the path of the pursuit. There is no charge, no licensing, no fee to use public assets in this way while the owners of dogs killed by wolfpacks disturbed by training activity are paid $2500 by Wisconsin taxpayers for their loss. The present WDNR staffing situation leaves wide gaps in training oversight. Landowners who object to the trespass of hounds and the pursuit of bear have little or no recourse for the afront to their lives and property.

Would you support the elimination of free hound training in pursuit of bear in July and August of each year,

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your local WCC delegates with questions or for assistance with writing your resolution.
