Citizen Resolution # 100522
(For Hearing Officer completion)

Panfish limits

Due to greatly increased ice fishing pressure and the advanced technology all fisherman now have some lakes are being greatly overfished, larger fish are being removed at an alarming rate. There needs to be a lower limit of 10 panfish allowed per angler. This will help survival of larger breeding size fish. Many lakes are being over harvested and quality of fishing is going down, to protect resource for everyone the panfish limit should be lowered.

Would you support A lower limit of 10 panfish year-round
