

Citizen Resolution # 270122

(For Hearing Officer completion)

Allow for bowfishing salmon during the fall spawning run.

Salmon run upstream to spawn every year. Most of which fail to spawn due to sediment levels and flow of Wisconsin streams. These fish die after making the run upstream. With that said it is a shame to have money being spent on a resource that is not harvested. I propose that we allow bowfishing for salmon on all tributaries that do not have a hatchery

Would you support the Conservation Congress working with state legislature to allow for bowfishing on all tributaries that do not have fish hatcheries?

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
