Citizen Resolution # 290222
(For Hearing Officer completion)

Hunter Nations actions unaligned with the values of WI stakeholders in the process of natural resources management.

2021 Hunter Nation, an out-of-state lobbying group, used its political lobbying influence to introduce a package of Bills to the WI Legislature that would have significant impact on WI Natural Resources management without input from WI citizens. Bills from Sporting Freedom Act are out of alignment with safety and values of WI Natural Resources stakeholders. One Bill would erode the integrity of the Hunter Ed. Program allowing mentored hunt to satisfy in person field test requirements; another Bill restricting turkey hunting zones and season in opposition to hunter survey results; creating a Sandhill Crane season without seeking public input, which is diverse and emotionally charged and finally hurriedly filing a successful lawsuit forcing WI to conduct a Wolf hunt. Unfortunately, the over harvest of the wolf caused a Federal Judge to put solves back on the endangered species list, causing concern of the WI DNRs wolf management.

Would you support Con. Congress to declare Hunter Nation's actions to be unaligned in the values of WI Nat. Resources Stakeholders.
