

Citizen Resolution # 451022

(For Hearing Officer completion)

Hunting and Trapping in State Parks

ISSUE The state has allowed hunting and trapping in parks since 2012, however, prior to that, it had been outlawed. In 2020 more than 20 million people enjoyed these parks and it is far too dangerous to continue to allow hunting and trapping any further. Although park-goers are able and encouraged to wear blaze orange, we can not be certain of their safety. Since the Covid-19 pandemic, the Journal Sentinel states the state park attendance has increased by 15% and is still growing. Park pass sales have grown a total of \$2.65 M from \$12.45 M in 2019 to \$15.1 M in 2021. We, as a state, can not ensure the safety of these visitors while we allow hunting and trapping in our parks.

Should the state of Wisconsin prohibit hunting and trapping in Wisconsin State Parks?

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
