

Citizen Resolution # 490422

(For Hearing Officer completion)

Rule / Law Change for ATV with Tracks

As ATVs and UTVs improve in technology and innovation, they have grown in popularity with the public for outdoor activities, however the laws have not been updated to keep up with these advancements. Currently state law does not allow track equipped ATVs/UTVs to have a valid registration

Would you support the Conservation Congress working with the Dept of Natural Resources to change ATV/UTV laws to keep up with the new technology and allow the registration of track equipped ATVs/UTVs?
