

Citizen Resolution # 601022

(For Hearing Officer completion)

Protecting Wisconsin's panfish fishery by changing daily limits statewide to 25 fish total but no more than 10 of the following species (bluegill/sunfish, crappies, and perch).

Our waters are receiving increasing amounts of pressure on fish stocks of all types, and panfish are no exception. Being that they are popular table fare and traditionally have had very liberal daily limits, our panfish species are a popular target for anglers seeking to harvest fish. With increasing pressure is coming increasing harvest and it is causing significant declines in size and age structures of panfish populations across the state.

Would you support changing the daily harvest limit on panfish in the state of Wisconsin to 25 fish total but no more than 10 of any single species?

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
