

Citizen Resolution # 620322

(For Hearing Officer completion)

Making cell cameras your daily check trapping

With the issues of a poor fur market and extremely high fuel prices, makes checking of traps daily expensive. With these two major issues, many won't be trapping to remove nuisance animals. The use of cellular cameras makes it so trappers are able to continue keeping predator levels in check and to help retain the current trappers we have currently.

Would you support the conservation Congress working with the state legislature to allow cellular cameras as part of your daily check.

Additional Information provided by author:

With the cellular cameras as part of your daily check, they must be physically checked weekly

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
