

Citizen Resolution # 710922

(For Hearing Officer completion)

Reduce Noise Pollution & Protect Fragile Plant and Animal Life

Wisconsin state law allows a maximum noise level of 86 dB measured at 50 feet. However, loud motor boats (cigar boats) and fan boats exceed this allowable noise level. Additionally, loud fan boats can move into very shallow water creating water turbulence damaging emergent vegetation, disturbing wildlife and impacting wetlands and shoreline.

Do you support the WCC to work with the DNR to enforce our Wisconsin noise law to reduce noise pollution and protect fragile plant and animal life?

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
