## REPLACEMENT OF EXISTING NAVIGABLE STREAM CULVERT— EXEMPTION INFORMATION / RECORDS

*This worksheet can be used to request an exemption from DNR permits under chapter 30.123(6)(r)(a) Wis. Stats. DNR staff can often meet on site to help identify if a culvert may be vulnerable to flood failure, maintenance problems, and/or adversely impacts the stream.*

**Project Name:**

I am hereby requesting the department to formally determine whether the project is exempt from permitting pursuant to Wis. Stat. s. 30.123(6)(d). I have the authority to and hereby provide consent to the department to enter and inspect the site if the department determines that an inspection is necessary.

	Existing Road / Culvert	Proposed Road / Culvert
Culvert size		
Culvert length		
Road top width <i>(surface + shoulders)</i>		
Road shoulder side slopes <i>(i.e. 2:1 or 3:1 slopes)</i>		
Describe changes to culvert elevation or slope.	NA	
Will the road surface elevation over the culverts be raised?	NA	Yes                  No

Mark the appropriate box below if any of the following problems exist at the current culvert

<input type="checkbox"/>	The culvert is perched above the streambed <i>(i.e. waterfall at the outlet)</i>
<input type="checkbox"/>	There is a scour pool at the outlet
<input type="checkbox"/>	There is water pooling on the upstream side of the road
<input type="checkbox"/>	Water can overtop the road during flood events
<input type="checkbox"/>	The culvert can get blocked with debris or there are beaver problems

*Completion of this Information Worksheet will provide the WDNR with information to evaluate the proposed project. The Department will review the project proposal and site specific conditions to determine if the project is exempt from DNR culvert replacement permits. Depending on specific site conditions, your liaison may request further information. It is the applicant's responsibility to obtain all necessary local, state and federal permits and approvals from the appropriate entities prior to construction. By signing below you are acknowledging that you have read this information and understand that further reviews may be needed to proceed with your project. The signer of this document hereby certifies that they have the authority to represent the constructing municipality and to give consent to enter and inspect the site, and that information provided on this form is true and correct to the best of their knowledge."*
