Beneficial Use of Industrial Byproducts Property Owner Notification

4400-199 (R 11/20)

Instructions: This form must be completed by the industrial byproduct generator (or their designee) and submitted to the Department and the property owner prior to the use of any industrial byproduct materials outlined in s. NR 538.22, Wis. Adm. Code. Unless this form is completed in accordance with these requirements the beneficial use of industrial byproducts may be subject to licensing under s. 289.31, Wis. Stats., and the regulatory requirements under chs. NR 500 to 536, Wis. Adm. Code.

Property owner: This is your notification that an industrial byproduct will be beneficially used on the property described below. The beneficial use of these materials is considered protective of human health and the environment when they are used in accordance with ch. NR 538, Wis. Adm. Code. The property owner is required, by s. NR 538.22(1), Wis. Adm. Code, to retain this completed notification form and any attached information, and to provide this form and any attached documents to any subsequent purchaser of this property. Disturbance of the industrial byproduct or the overlying soil, pavement or structure must be done in accordance with the requirements of ch. NR 538, Wis. Adm. Code.

In accordance with s. NR 538.22(4) Wis. Adm. Code, if more than 10,000 cubic yards of industrial byproducts are used in a project, the generator of the industrial byproduct or their designee are responsible **for recording an affidavit with the register of deeds** indicating that industrial byproducts were beneficially used on the property, and where a completed copy of this form and any attached information may be obtained within 60 business days after completing placement of the industrial byproduct.
