General Information

The WATERWAY MARKER APPLICATION AND PERMIT, Form 8700-58, **is an application to place waterway markers**. When fully completed, it becomes **a permit to place the markers**, or a notice of discontinuing placement of markers or a notice of a change in the placement of markers in a previous permit. Markers may not be placed in Wisconsin waters until the permit application has been completed **and this form has been approved by the DNR**.

The municipality having jurisdiction over the water where the markers are placed must approve the permit issuance. The Department of Natural Resources (DNR) must approve the application prior to it becoming effective.

MOORING BUOYS may or may not need Department approval or SECTION 3 completed depending on the criteria in s. 30.772, Wis. Stats., or the existence of an approved mooring ordinance.

Generally, only municipalities may be the applicant for **Aids to Navigation, Controlled Area and Boat Excluded markers**.

EXCEPTION: Swimming area buoys can be approved for placement in conjunction with bathing beaches operated by resorts, clubs, civic organizations where they are **open to the public or used by large numbers of people**.

Municipalities, individuals, resorts, clubs, civic organizations, etc. may be the applicant for **Hazard Warning and Informational markers**.

Municipalities may contract with individuals, clubs and other organizations to buy, maintain and place Aids to Navigation and regulatory markers. The municipality maintains responsibility.

For unique circumstances, check with your local DNR Warden or your DNR Regional Recreation Safety Warden.
