General PERF Scoring Trends Over the Past 3 SFYs

The Safe Drinking Water Loan Program (SDWLP) Priority Evaluation and Ranking Formula (PERF) scoring trends are based on data from State Fiscal Years (SFYs) 2017-2019.

- The DNR only awards points if requested, as such, differences are reductions in scores.
- Differences below are not weighted by state fiscal year.
- The five most common fields that experience point reductions are **highlighted**.
- Providing sufficient documentation is one of the most common reasons points are reduced.
- SC6 requires that significant deficiencies are **identified in a sanitary survey**.
