

Notice: Applicants for a wildlife rehabilitation license under s. 169.24, Wis. Stats., and subchapter II of NR 19, Wis. Adm. Code, are required to enter into an agreement with a consulting veterinarian to meet license requirements. A license is also required for wildlife rehabilitation. Information collected in this agreement will be used for license administration and enforcement purposes and may be provided to requesters as required by Wisconsin's Open Records law [ss. 19.31 - 19.39, Wis. Stats.].

Instructions

- Applicant and Consulting Veterinarian complete, sign and date the agreement.
- Make copies of the agreement for applicant and Consulting Veterinarian records.
- Attach original Consulting Veterinarian Agreement to license application.
- Submit to Department at above address.

Facilities

Does your clinic have the facilities to treat wildlife with reasonable isolation from normal clinic activities and patients? Yes No

Briefly describe the facilities available for holding wildlife while in your clinic.

Consulting Veterinarian Review & Agreement

General Operating Standards for Wildlife Rehabilitation activities are specified in s NR 19.77, Wis. Adm. Code.

Prior to engaging in wildlife rehabilitation activities, protocols for disease prevention and transmission, euthanasia, pharmaceutical use, pest control, carcass and biological waste disposal and adequate veterinary care shall be established by the licensee and reviewed and signed by licensee's consulting veterinarian.

I have reviewed and approved the applicant's wildlife rehabilitation operating standards.

I further agree to act as the Consulting Veterinarian and provide veterinary assistance for wildlife cared for by the wildlife rehabilitation license Applicant.
