# RECYCLE CLEAN, DRY PLASTIC BAGS AND FILM PACKAGING

## One-stop recycling.

You can now bring plastic film packaging wherever plastic bags are recycled.

Just put your other film packaging with your bags and make sure it is all clean and dry. Do **not** include degradable bags, pre-washed salad bags, frozen food bags, or material that has been painted or glued, as other substances can contaminate the recyclable material.

For more information on Wisconsin's plastic bag and film recycling efforts, visit: [dnr.wi.gov](http://dnr.wi.gov) and search: plastic bag recycling.

The Wisconsin Department of Natural Resources provides equal opportunity in its employment, programs, services, and functions under an Affirmative Action Plan. If you have any questions, please write to Equal Opportunity Office, Department of Interior, Washington, D.C. 20240. This publication is available in alternative format (large print, Braille, audio tape. etc.) upon request. Please call (608) 266-2111 for more information. WA-1706 2014
