 PFAS Manufacturing and Use Information**

Notice: Personally identifiable information collected will be used for administrative purposes and may be provided to requesters as required by Wisconsin's open records law, ss. 19.31-19.39, Wis. Stats.

This document is intended solely as guidance and does not contain any mandatory requirements except where requirements found in statute or administrative rule are referenced. Any regulatory decisions made by the Department of Natural Resources in any matter addressed by this guidance will be made by applying the governing statutes and administrative rules to the relevant facts.

Instructions: Provide the following information regarding potential use of PFAS chemicals at your VPLE property. You may also submit a supplemental Phase I assessment or other information that documents whether one or more industries may have used or manufactured PFAS chemicals on the VPLE property or if waste from industries that have used PFAS chemicals has been disposed of or discharged on the VPLE Property. The DNR may request additional information if discharges of PFAS chemicals on the VPLE Property are identified as a potential concern, including supplemental Phase I assessment documentation and/or additional site characterization/sampling. The DNR requests this information pursuant to Wis. Stat. §§ 292.15 and 292.31, as well as Wis. Admin. Code chs. NR 716 and 750.

2. Provide the following information to the DNR:

PFAS Use and Manufacturing - If any of these facilities or commercial or industrial uses operated on the property, provide an attachment with detailed description of the type of manufacturing or uses related to PFAS. Describe the types of products manufactured and the processes involved. Include the type of PFAS or PFAS-containing substances used or manufactured, and quantity generated, used, or stored. Please reference the ITRC fact sheet: *History and Use of Per- and Polyfluoroalkyl Substances (PFAS)*, November 2017.

Landfills and Historic Fill Sites - If waste was disposed of on the property, provide an attachment detailing the type and source of the PFAS-related waste material and when the disposal occurred. Describe whether the PFAS waste disposed of on the property was generated from a specific industrial process or processes and identify the generators.

Firefighting Foam - If firefighting foam was manufactured, stored or tested at the property or if it was used in fire training or to extinguish frequent fires at the property, please provide an attachment with a detailed description of the location, frequency, and timeframe of its use.

Self-Certification

I certify that information in this form and all information attached is true and correct and in conformity with applicable Wisconsin and Federal Statutes.

I acknowledge, pursuant to Wis. Stats. 292.15(2)(a)6, that a voluntary party may not obtain the certificate of completion by fraud or misrepresentation, by the knowing failure to disclose material information or under circumstances in which the voluntary party knew or should have known about more discharges of hazardous substances than were revealed by the investigation conducted.
