Project Title Langlade County Bridge 19 Replacement						Current Funded Miles 539.1	New Miles (if applicable)
County Langlade	Township 31 N	Range 11	Section 16	1/4 1/4 NE	1/4 NE	GPS Coordinates: Lat. 45.176134 Long. -89.116579	

Project Description Summary
 Langlade County proposes to replace an existing snowmobile bridge in the Antigo Sno-Drifters area. This bridge crosses Spring Brook on the north end of Antigo. This bridge is 30 years old and the deck is in very poor condition. In addition to the decking the capacity of the bridge is under rated for the grooming equipment being used now. The pilings/abutments have heaved and will also need replacement. Temporary measures have been taken to keep the bridge usable in the short term.

Bridge costs to be split 50% Snowmobile, 50% Winter ATV. Langlade County Winter ATV trails open ten days after the snowmobile trails open. They are open to ATVs only and only when the temperature is less than 28 degrees. UTVs are not permitted on the Langlade County Winter ATV trail system.

I certify that all maintenance land use agreements are on file.

Estimated Cost

- Yes No Have you contacted your County Zoning Dept. regarding a floodplain determination?
- Yes No Will an H & H (hydrologic and hydraulic) study be required?

Bridge Project Detailed Description

This bridges is approximately 30 years old and has deteriorating decking and the pilings have heaved. The weight rating of the existing bridge is to low for grooming equipment used by the club. Langlade County is proposing to replace the existing bridge with a 12'x35' bridge rated for 25,000 lbs to accommodate modern grooming equipment. This new structure would be expected to have a lifespan of more than 30 years. No chapter 30 permits are required for an in-kind replacement. A zoning permit will be required for work taking place within a floodplain. Cost estimates include permits, the bridge structure, removal of the existing bridge, installation of the new bridge and disposal of the old structure.

Appendix A (continued)

Subject: **External Email** 3 snowmobile bridges

Good Morning Cody,

Per our discussion and review of the 3 permitted snowmobile bridges listed below, no additional DNR permitting is required to repair or replace these bridges with "in-kind" bridges of the same specifications as this is deemed maintenance to those existing, previously approved structures. Be sure to contact and obtain any required authorizations from the Langlade County zoning office. Please let me know if you need any further information or assistance.
