Project Description Summary

The Price County Snowmobile Trails Association is planning to repair a snowmobile bridge that crosses Deer Creek in the Town of Worcester, in central Price County. New pilings and new boards/wood repairs are needed for this project to make it safe and stable. The pilings on the existing bridge are turning to the side, causing the bridge to slide off. Being located in a wetland, the pilings will simply be replaced by new driven pilings and no new fill will be placed. The bridge is only used as a snowmobile bridge during the snowmobile season. The existing bridge is 50'x12'. Silt fence will be placed along the creek during construction to ensure no erosion occurs. The area impacted will be contained in the 50'x12' the bridge sits over.

**** Per County, project has been changed to replacing the entire bridge**

I certify that all maintenance land use agreements are on file.

Estimated Cost

Maintenance	Acquisition	Insurance	Development	Bridge Rehab.	Trail Rehab.	Total Estimated Cost
						20,000
Leave Blank – DNR Use Only						
						\$67,000
