

New Trail Ranking and Certification Worksheet

County: Trempealeau Segment Name/Trail #: NA
 Date of Application: 4/15/2022 Miles Requested: 7.5

Qualifications – All items in this worksheet must be completed for new miles request, and submitted with a copy of the Motorized Recreation Grant Application 8700-159 for each new trail. Each trail must be submitted separately. All items in this section must be completed for valid new trail maintenance funding request – incomplete applications will be denied.

Any rehabilitation funding requests should be included at this time on form 8700-159. Trails must be in the funded system for at least 10 years before they are eligible to receive rehab grants, so it is important to include rehabilitation needs now. (NR 50.09 (4) (g))

Gateways questions: Provide justification for selection below.

- 1. Trail provides primary access route through a county and connects with another county's trails.
- 2. Trail provides access from population centers to main access trail(s).

- 4. Trail is separate from the road surface, marked and groomed as a snowmobile trail. Plowed roads do not qualify as a funded off-road trail. (s. 350.01 (16) and (17) Wis. Stats.)

Justification *(Required)* – Provide narrative description of the new trail with explanation for gateway qualification checked (#1, 2 or 3 above).

This trail is currently a club trail that has been groomed and maintained. This trail connects trails that go to and from population centers, and also does not run similar routes to existing state funded trails. This trail can support high volumes of snowmobile traffic.

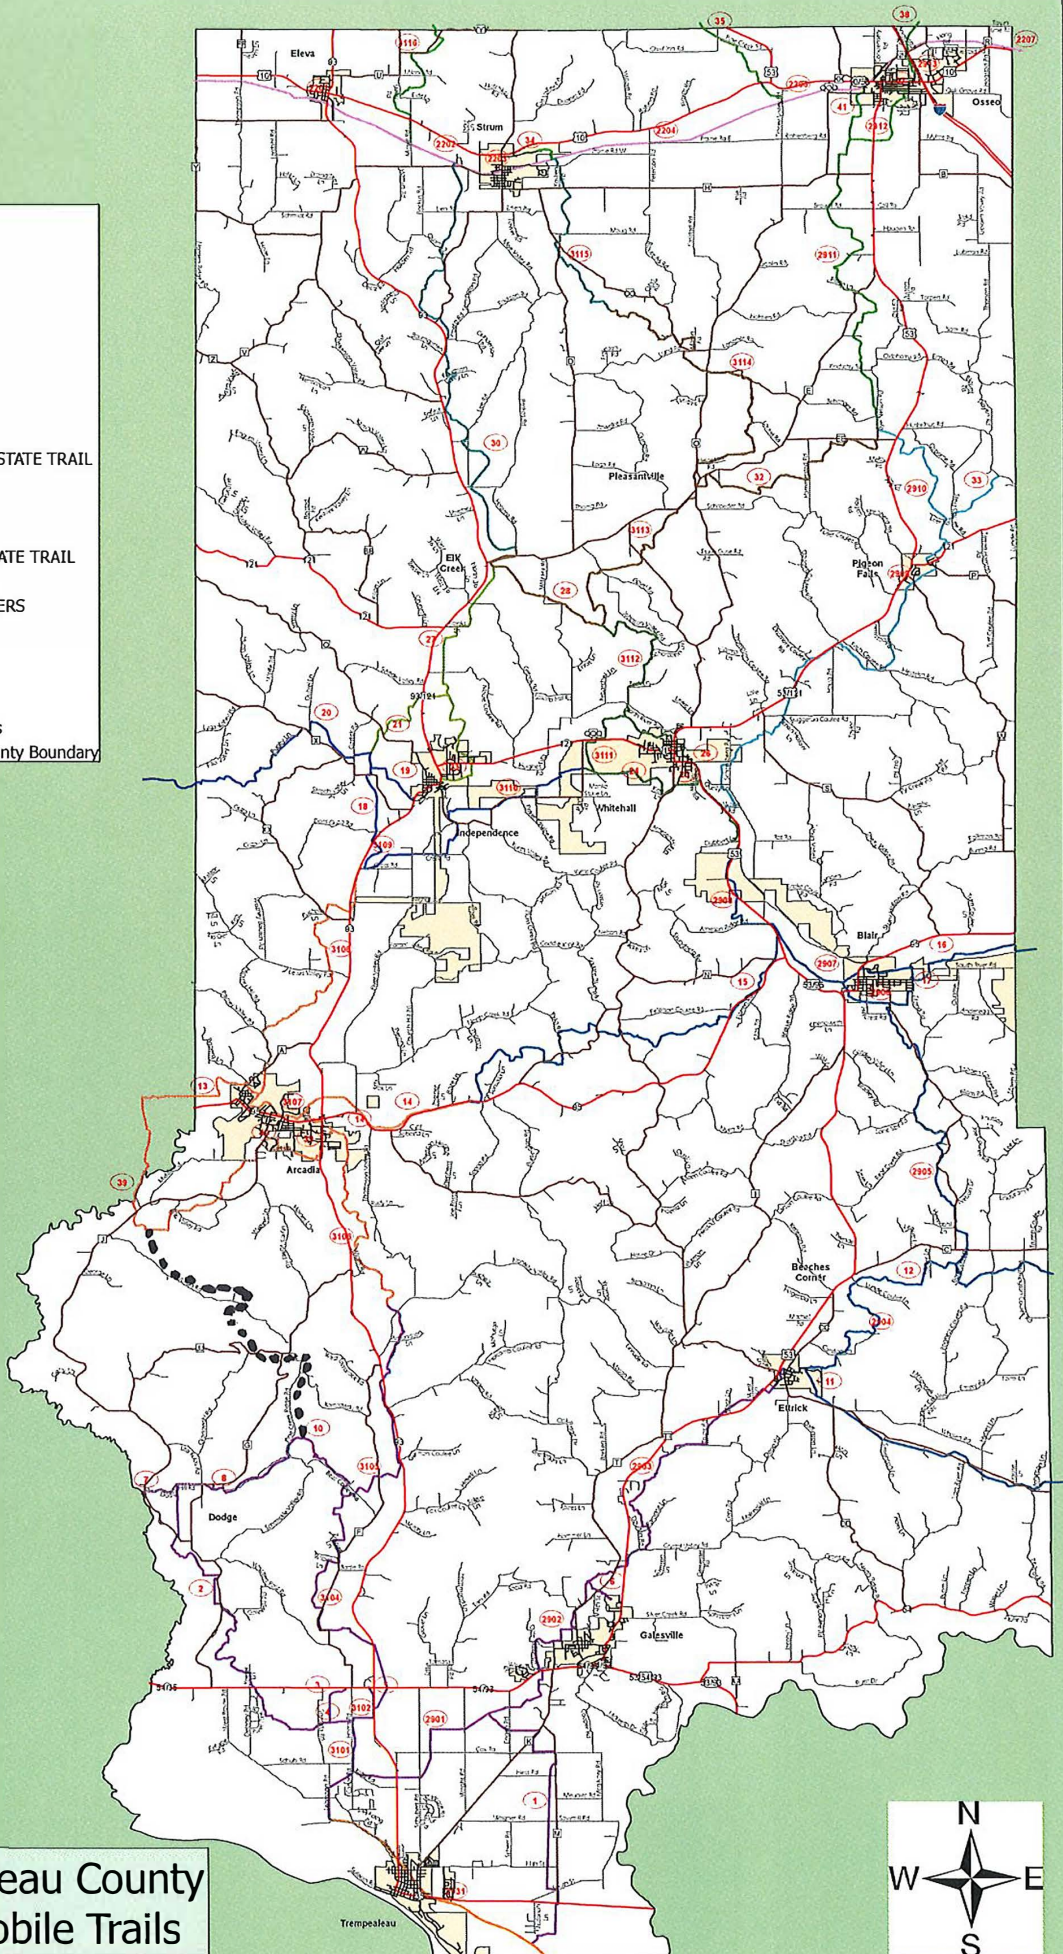

Water Crossings (**Required**) - Does the requested trail segment include any bridges, culverts or water crossings? If so, Describe. If not, indicate none. *Bridge structures should be added to the county's snowmobile bridge inventory if not already included.* None.
