

Defoliation by Forest Tent Caterpillar 1987

20 0 20 40 Miles

Wisconsin Transverse Mercator NAD83(91)
Scale 1:1,700,000
created by Sally Dahir
March 2002

The defoliated areas are derived from scanned maps of defoliation reported in the annual reports of the Forest Health Protection division of the Wisconsin DNR bureau of Forestry. The scanned maps were digitized in ArcView 3.2.
