

April 7, 2024

Department of Natural Resources Timber Sale Information

Sealed bids will be received by mail or in person at the Plover Ranger Station, 2510 Maple Dr, Plover, WI 54467; up to 9:00AM April 30, 2024, and will be opened immediately thereafter for timber stumpage described in this prospectus. The public may attend in person or call 608-571-2209 (Code:93867711#) to attend virtually.

For questions about this bid opening- contact: Jeff Nyquist 715-340-8513 or Jeffery.nyquist@wisconsin.gov.

This bid opening will be held for a tract on the Little Wolf River Fishery area and a tract on the Dewey Marsh Wildlife Area.

Portage County State

Lands Timber Sales

Volume (tons, MBF)

<u>Sale Name</u>	<u>Tract #</u>	<u>Acres</u>	<u>Timber Type</u>	<u>6 inch</u>	<u>MBF</u>
Co Rd X	1-24	45	MX/Oak/PW	1145	83
Flume Creek	2-24	66	MX/Oak/PW	1530	234

For tracts not sold on April 30, 2024, sealed bids will be accepted by mail or in person until 9:00AM May 14, 2024. Contact Jeff Nyquist at 715-340-8513 or jeffery.nyquist@wisconsin.gov for details on bid results following May 14, 2024, bid opening.

BIDDING REQUIREMENTS

1. Bidding Procedure for Timber Sales
 - a. Bids will be made by species for each tract.
 - b. Estimated volumes and utilization specifications are listed on individual sale prospectus maps. Bid according to volumes listed on individual sale prospectus and/or maps.
 - c. The **high bidder** will be determined by the **greatest total bid** for each tract.
 - d. Bids will be opened in random order.
 - e. **Bidders in attendance (virtual)** can remove their bid from consideration before each individual tract is opened. Bidders must identify themselves by clearly stating their name, address, and telephone number PRIOR to a bid being opened to withdraw their bid from consideration.
2. Bids may be made on one or more tracts.
3. Submit each bid in an individual sealed envelope marked "Bid for Timber Stumpage" with the timber sale name, and tract number on the outside. Wisconsin DNR Timber Sale Bid Forms must be used to make bids on DNR timber sales and is included with the individual sale prospectus.
4. A per unit bid must be made on every item on a tract. No "zero" bids for any species or products will be accepted.

5. Winning bidders will be notified within 24 hours of bid opening and must sign the timber sale contract and submit an acceptable performance bond within 6 weeks of the bid opening. If the winning bidder fails to execute the contract and submit an acceptable performance bond, the bidder shall be required to forfeit to the department an amount equal to 10% of the total bid amount. Failure to forfeit the 10% penalty will result in the bidder being considered ineligible to bid on any state or GNA timber sales for a two-year period.
6. A **Performance Bond or Letter of Credit** is required before awarding of contract. The bond shall be fifteen percent (15%) of the total bid value or a minimum of \$1000.00, whichever is greater. The bond will be held intact by the Department of Natural Resources until the satisfactory completion of the timber sale contract. Performance bonds in a form of other than cash for these sales must expire no earlier than **1-year past contract expiration date.**
7. The Department of Natural Resources reserves the right to reject any and all bids.

SALES TAX CERTIFICATION

1. A Sales and Use Tax Exemption Certificate must be provided at the signing of the contract. This certificate is required to cover a contractor or individual reselling stumpage harvested for firewood/fuelwood and mills and manufacturing facilities. More information about the certificate can be found at <https://www.revenue.wi.gov/DORForms/s-211-inst.pdf>.

UTILIZATION

1. All trees designated for cutting will be utilized to a minimum 6" for pulp/firewood and 11.0" for hardwood logs and 9.0" for conifer logs unless stated otherwise in the prospectus.
2. When designated for cutting, all trees containing one (1) or more one hundred inch (100") long stick to a six inch (6") minimum top diameter will be considered merchantable.

SCALING AND PAYMENT

1. If eligible for deferred payment option, payment for timber removed from site must be made within 30 days after invoice.
2. If not eligible for deferred payment option, no wood will be hauled from the sale area until advanced payment is made.
3. If sold as a lump sum sale, payment in full must be made on entire sale, or by the cutting block, or by some other means as mutually agreed upon by Department of Natural Resources and contractor.
4. The mill scale ticket system will be used as the preferred method of sale administration. Other scaling systems may be used at the discretion of the Department of Natural Resources.
5. If a woods scale system is used, all cordwood or logs will be piled for scaling. Piles will be level and square with at least 5 cords per pile or 2 MBF. At least 5 cords or 2 MBF will be piled before a scale is requested. Scaling requests must be made at least one day in advance.
6. No refunds of stumpage payments will be made for un-removed wood, and wood left on the sale area at contract expiration shall revert to the seller.
7. Scribner Decimal C Log Rule shall be used for scaling logs. Conversion from MBF to cords or cords to MBF shall be 2.44 cords per MBF for softwoods and 2.2 cords per MBF for hardwoods.
8. Weight scale conversions will be at rates as specified in the Department of Natural Resources timber sale handbook listed below unless the individual timber sale has specific mixed species pro-rates/conversions.

			WILLOW (All Species)	5,000	2.500

CONTRACT PERIOD

1. All contracts offered during this bid opening will expire June 30, 2027.

CONTRACT EXTENSIONS

Contract extensions will not be granted without justifiable reason. Justification will be determined by the Department of Natural Resources. Contract expiration dates are given on the individual timber sale. Contract extensions are not guaranteed. All extensions, if granted, will be for 1 year. Extension requests will be considered with the following conditions:

One and Two-year contracts

- 1st extension – 5% increase in stumpage rate
- 2nd extension – an additional 10% increase in stumpage rate

Three and Four-year Contracts

- 1st extension – 15% increase in stumpage rate (only 1 extension granted)

OTHER CONDITIONS

1. Wisconsin's Best Management Practices for Water Quality, Woody Biomass Harvesting Guidelines, and Best Management Practices for Invasive Species must be followed on all DNR timber sales. More information on these management guidelines can be found at the links found below.

Water Quality BMPs: <https://dnr.wi.gov/topic/ForestManagement/bmp.html>

Biomass: <https://councilonforestry.wi.gov/Pages/WoodyBiomass/Default.aspx>

Invasive BMPs: <https://councilonforestry.wi.gov/Pages/InvasiveSpecies/Forestry.aspx>

2. Heterobasidion Root Disease (HRD) – The Purchaser shall purchase and apply an approved fungicide (Rotstop C or Cellu-Treat) to all cut pine stumps and horizontal wound surfaces as is noted in the timber sale contract.
3. Following oak wilt guidance, harvesting activities on this sale are allowed from July 16th through April 14th. These dates may be adjusted by the timber sale administrator in discussion with a DNR Forest Health Specialist.
4. There is acreage on both of these sales that will require frozen ground conditions for harvesting activities.

Insurance

The “Contractor” (purchaser) shall provide the Department of Natural Resources with a Certificate of Insurance counter-signed by a Wisconsin Resident Agent, indicating that Worker’s Compensation Insurance coverage is provided for the duration of the contract prior to any performance under it. Contractor claiming exemption, independent status, the contractor/purchaser will be required to submit a signed, notarized affidavit that affirms their exempt status pursuant to the criteria listed in section 102.07(7)(b), of the Wisconsin Statutes.

Contract may contain other provisions. Contracts may not be assigned. A sample copy of the contract is available upon request.

NOTE: Prospectus maps for each of the timber sales are available online at <https://dnr.wisconsin.gov/topic/TimberSales>

*****TRAINING STANDARD*****

The Purchaser shall ensure that at least one in-woods person actively engaged in performance of this contract and responsible for the logging site complies with the Wisconsin Sustainable Forestry Initiative® (SFI®) Training Standard as adopted by the Wisconsin SFI Implementation Committee (SIC). Criteria for the standard can be found at the website https://www.fistausa.org/fista/SFI_Workshops.asp or by contacting the Forest Industry Safety & Training Alliance (FISTA). Purchaser agrees to provide documentation to Seller that the training has been attained prior to initiating sale.

FOREST CERTIFICATION: These lands are 3rd party certified.

Oak	200 Tons	10 MBF
Ash	-- --	14 MBF
Aspen	165 Tons	-- --
Basswood	-- --	16 MBF
Mixed Conifer	10 T	-- --
Totals	1145 Tons	83 MBF

Minimum Bid Value:	Not Advertised
Biomass Harvesting:	Not Allowed
Scaling Method:	Mill Scale
Contract Ending Date:	June 30, 2027
Sale Area:	45 Acres

Cutting Specifications

Zone A- 26ac. Cut all trees greater than 1" dbh except those marked on the stem with green, red, blue or purple paint. Some of this acreage requires frozen ground conditions to operate and much of this area requires frozen ground conditions to access the sale across state lands.

Zone B- 19ac. Harvest all ash, aspen, white birch and all trees marked with orange paint. Much of this acreage requires frozen ground conditions.

Operational Considerations-

- Pre-harvest meeting on site prior to any snowfall and prior to any equipment moving in. No equipment allowed on site prior to discussion/meeting with timber sale administrator on such matter. **No exceptions.**
- The contractor must contact the timber sale administrator a minimum of one week prior to starting a sale contract.
- **No boltwood category.** All products 11.0" dib for hardwoods & 9.0" for softwoods on the small end and 50% sound will be counted as sawtimber, regardless of grade. DNR reserves the right to scale and invoice for all sawtimber products using the Scribner Decimal C rule, prior to leaving the landing.

- Off-road logging equipment shall be free of concentrations of plant material and soil prior to entering the sale area. The Purchaser will contact the Seller 48 hours prior to delivering equipment to the sale area to arrange for on-site inspection. No equipment dropped off without 48hr notice to DNR Forester.
- The locations, building, and maintenance of new landings, roads, and accesses are the full responsibility of the purchaser and are always subject to advance approval and under the conditions of the timber sale administrator who must be contacted at least 48 hours prior to construction of a landing, road, or access.
- All existing trails, roads, and clearings used for logging operations must be restored to pre-sale conditions by the purchaser.
- Roads and landings shall be graded and leveled or closed out to the satisfaction of the Seller upon completion of timber sales. Any accesses developed across ditches or other drainage features will be restored to their original condition.
- Rutting will be monitored and if soil disturbances become excessive (based on established thresholds defined in contract), harvesting operations may be suspended until the affected areas are repaired properly.
- No full tree length skidding will be allowed. All products to be removed on a forwarder, no ground skidding will be allowed. All cut stringers must be utilized.
- Standing snags are to be retained uncut - except they may be felled and left in the woods if they are a safety hazard.
- Mixed Hardwood may consist of ash, basswood, cherry, ironwood, red maple, sugar maple, white and yellow birches.
- Pulp/firewood products shall have a minimum 6" small end.
- Follow Wisconsin BMP's for water quality at all times. Avoid wetlands as much as possible and only operate within them during very dry times with timber matting or under frozen ground conditions. Some areas of this sale will require frozen ground conditions due to access across wetlands.
- Following oak wilt guidance, harvesting activities on this sale are allowed from July 16th through April 14th. These dates may be adjusted by the timber sale administrator in discussion with a DNR Forest Health Specialist.
- All cut conifer products must be removed from the sale area within two weeks after being cut between May 1 and September 15.
- Heterobasidion Root Disease (HRD) – The Purchaser shall purchase and apply an approved fungicide (Rotstop C or Cellu-Treat) to all cut pine stumps and horizontal wound surfaces as is noted in the timber sale contract.
- When accessing town roads or highways from a landing, signage will be required to indicate trucks entering roadway.
- Mixed Hardwood consists of ash, basswood, cherry, ironwood, elm, bitternut hickory, red and sugar maples, paper and yellow birches.
- Access to the sale across private lands is the responsibility of the purchaser.

Notice: Completion of this form is mandatory. The Department will not recognize your bid unless you complete and submit this form. Personal information collected will be used for program administration and may be provided to requesters as required by Wisconsin's Public Records law [ss. 19.31-19.39, Wis. Stats.].

Contract Ending Date:	June 30, 2027
Sale Area:	66 Acres

Cutting Specifications

Zone A- 15ac. Red pine thinning. Harvest all trees marked on the stem with orange paint. All conifer stumps will require treatment for HRD according to accepted DNR guidance.

Zone B- 51ac. NH, oak & white pine management. Cut all trees 1” and larger at dbh except those marked on the stem with green, blue, red or yellow paint. Approximately half of this area requires frozen ground conditions to operate. All conifer stumps will require treatment for HRD according to accepted DNR guidance.

Operational Considerations-

- Pre-harvest meeting on site prior to any snowfall and prior to any equipment moving in. No equipment allowed on site prior to discussion/meeting with timber sale administrator on such matter. **No exceptions.**
- The contractor must contact the timber sale administrator a minimum of one week prior to starting a sale contract.
- **No boltwood category.** All products 11.0” dib for hardwoods & 9.0” for softwoods on the small end and 50% sound will be counted as sawtimber, regardless of grade. DNR reserves the right to scale and invoice for all sawtimber products using the Scribner Decimal C rule, prior to leaving the landing.

- Off-road logging equipment shall be free of concentrations of plant material and soil prior to entering the sale area. The Purchaser will contact the Seller 48 hours prior to delivering equipment to the sale area to arrange for on-site inspection. No equipment dropped off without 48hr notice to DNR Forester.
- The locations, building, and maintenance of new landings, roads, and accesses are the full responsibility of the purchaser and are always subject to advance approval and under the conditions of the timber sale administrator who must be contacted at least 48 hours prior to construction of a landing, road, or access.
- All existing trails, roads, and clearings used for logging operations must be restored to pre-sale conditions by the purchaser.
- Roads and landings shall be graded and leveled or closed out to the satisfaction of the Seller upon completion of timber sales. Any accesses developed across ditches or other drainage features will be restored to their original condition.
- Rutting will be monitored and if soil disturbances become excessive (based on established thresholds defined in contract), harvesting operations may be suspended until the affected areas are repaired properly.
- No full tree length skidding will be allowed. All products to be removed on a forwarder, no ground skidding will be allowed. All cut stringers must be utilized.
- In some areas, yellow painted trees indicate an RMZ where equipment will be restricted from turning beyond the yellow line. In other words, only pulling straight in and backing straight out.
- Standing snags are to be retained uncut - except they may be felled and left in the woods if they are a safety hazard.
- Mixed Hardwood may consist of ash, basswood, cherry, ironwood, red maple, sugar maple, white and yellow birches.
- Follow Wisconsin BMP's for water quality at all times. Avoid wetlands as much as possible and only operate within them during very dry times with timber matting or under frozen ground conditions. Some areas of this sale will require frozen ground conditions due to access across wetlands.
- Following oak wilt guidance, harvesting activities on this sale are allowed from July 16th through April 14th. These dates may be adjusted by the timber sale administrator in discussion with a DNR Forest Health Specialist.
- All cut conifer products must be removed from the sale area within two weeks after being cut between May 1 and September 15.
- Heterobasidion Root Disease (HRD) – The Purchaser shall purchase and apply an approved fungicide (Rotstop C or Cellu-Treat) to all cut pine stumps and horizontal wound surfaces as is noted in the timber sale contract.
- When accessing town roads or highways from a landing, signage will be required to indicate trucks entering roadway.
- Mixed Hardwood consists of ash, basswood, cherry, ironwood, elm, red and sugar maples, paper and yellow birches.
