Notice: Personally identifiable information collected will be used for administrative purposes and may be provided to requesters as required by Wisconsin’s open records law, ss. 19.31-19.39, Wis. Stats.

This document is intended solely as guidance and does not contain any mandatory requirements except where requirements found in statute or administrative rule are referenced. Any regulatory decisions made by the Department of Natural Resources in any matter addressed by this guidance will be made by applying the governing statutes and administrative rules to the relevant facts.

Instructions: Provide the following information regarding potential use of PFAS chemicals at your VPLE property. You may also submit a supplemental Phase I assessment or other information that documents whether one or more industries may have used or manufactured PFAS chemicals on the VPLE property or if waste from industries that have used PFAS chemicals has been disposed of or discharged on the VPLE Property. The DNR may request additional information if discharges of PFAS chemicals on the VPLE Property are identified as a potential concern, including supplemental Phase I assessment documentation and/or additional site characterization/sampling. The DNR requests this information pursuant to Wis. Stat. §§ 292.15 and 292.31, as well as Wis. Admin. Code chs. NR 716 and 750.
