

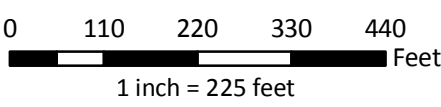

**FIGURE 1**  
 2010 Tetrachloroethylene (PCE) Isocontours in Deep Groundwater Wells  
 Prepared by City of Madison Engineering (2/27/12)

Note: Piezometers have 5-foot screens placed between 790 and 810 ft AMSL.

**Legend**

- Deep Wells (piezometers)
- PCE groundwater plume - 5 ug/l
- PCE groundwater plume - 50 ug/l
- PCE groundwater plume - 500 ug/l
