SUBJECT: Biosolids Spreading  
WI-0026182-09-0

Mr. Howard:

The Department is currently gathering information concerning biosolids containing PFOA and PFOS. Because the Department does not yet have concentrations of PFOA and PFOS that would be protective of groundwater if spread on agricultural fields, **we are requesting that your biosolids be held for this year.**

Thank you for your attention to this matter. If you have any questions, please feel free to contact me at (920) 662-5426 or [Nicole.Krueger@wisconsin.gov](mailto:Nicole.Krueger@wisconsin.gov).

Sincerely,
