Proposed PFAS Action Focus Areas and general framework

These are the four proposed focus areas the action plan will be organized around:

1. Preventing Future Discharges and Exposures
2. Minimizing Current PFAS Exposures
3. Addressing Historic or Legacy PFAS Discharges and Exposures
4. Educating and Communicating About the Risks Associated With PFAS

This is the general framework for how the action plan will be structured for implementation:

Action Item

Step 1  Step 2  Step 3
