* Personally identifiable information collected on this form is used for administrative purposes and may be provided to requesters under the public records laws, ss. 19.31 to 19.39, Wis. Stats.

Please provide your comments on the Draft EIS (please use the back of the sheet if necessary):

I am very concerned about groundwater contamination and possible affects to local wells. Our entire state is facing water shortages. It seems irresponsible to develop land and remove water from an area which currently is positively contributing to groundwater.

I am not in favor of destroying a migratory bird route which is supposed to be increased and protected by the DNR.

I support a towns right to develop and continue to follow their 20 year plan.

Proposed Kohler Golf Course, Town of Wilson, Sheboygan Co.

Please provide your comments on the Draft EIS (please use the back of the sheet if necessary):

A SHORT TIME AFTER RIVERDALE INSTALLED THEIR POND AND IRRIGATION SYSTEM MY WELL RAN DRY. I WAS NEW TO THE AREA AND WELLS SO I DIDN'T KNOW WHY AT THAT TIME. I KNOW WHY NOW. I LIVE ABOUT A 7 IRON OR 150 YARDS FROM THAT POND, AND YES I AM A GOLFER

I WITH MY FAMILY AND ESPECIALLY MY SON ENJOY THE MEADOW EAST AND SOUTH OF 12TH ST, AND STAHL ROAD. MY SON IS 21 YEARS OLD AND STILL ENJOYS THE INCREDIBLE MONARCH BUTTERFLY THAT THIS MEADOW OFFERS. THE MILKWEED CROP THIS YEAR IS THE BEST THAT WE HAVE EVER SEEN. PLEASE PROTECT THIS AREA! A GREAT MONARCH HABITAT!

Proposed Kohler Golf Course, Town of Wilson, Sheboygan Co.

* Personally identifiable information collected on this form is used for administrative purposes and may be provided to requesters under the public records laws, ss. 19.31 to 19.39, Wis. Stats.

Please provide your comments on the Draft EIS (please use the back of the sheet if necessary):

1.) DNR needs to adhere to a deliberative, science-based approach to evaluating the environmental impact of the proposed golf course. To date, it does not appear to be doing so.

2.) The economic impact of a golf course as proposed should not be conflated with environmental impact. The DNR's mission is to protect the environment, not promote economic development.

3.) The environmental aspects of golf course construction need to be carefully weighed.

PLEASE TURN IN COMMENT SHEET UPON COMPLETION.

* Personally identifiable information collected on this form is used for administrative purposes and may be provided to requesters under the public records laws, ss. 19.31 to 19.39, Wis. Stats.

Please provide your comments on the Draft EIS (please use the back of the sheet if necessary):

The negative environmental impact of this proposal, along with the cultural impact (burial mounds) is much too large to rationalize the allure of short-term monetary gain and popularity among the golf community.

It seems counterproductive to fill wetlands, when we are already spending money to save wetlands in Wisconsin elsewhere.

Let's not make the same mistakes our grandparents made and let's be more considerate with our regional natural resources.

I am against building another golf course on this prime area of natural land because:

- 1- Amount of proposed water use - draining of aquapor
- 2- Destruction of burial grounds
- 3- loss of dune area habitat and all the birds and animals that precious area supports.
- 4- Traffic patterns & destruction and interruption of the state park and campgrounds

Please provide your comments on the Draft EIS (please use the back of the sheet if necessary):

I read the Draft EIS. It's not worth it to destroy or negatively impact this land for a golf course. There is already a golf course less than a mile away, and other upscale, expensive golf courses nearby. To allow this would be irresponsible.

I live on the north side of Sheboygan. There is a beach near a far ~~side~~ north side neighborhood where a lot of residents have well manicured lawns and use pesticides/lawn service chemicals. The water at that beach is disgusting, smells like chemicals and leaves residue on your skin if you go in the water. Imagine a golf course the run-off of pesticides would be much more.

* Personally identifiable information collected on this form is used for administrative purposes and may be provided to requesters under the public records laws, ss. 19.31 to 19.39, Wis. Stats.

Please provide your comments on the Draft EIS (please use the back of the sheet if necessary):

My name is Tiffany Brunner, I've lived in Sheboygan since I was four years old, my husband and I live here with our 2 year old son we are both 31 years old, I am an Ho-chunk enrolled member and my family and ancestors and I are Ho-chunk/Winnebago Native Americans and I would like for this land that Kohler Company wants to turn into another golf course to BE ~~LEFT~~ LEFT ALONE!

Please save something for our children and our children's children. We only have one planet to save and another golf course is not preserving our land or our ecosystem.

I respect Mr. Kohler and his family they have provided many many jobs for our community. Mr. Kohler has a lot of land or money to buy other property that isn't so unique and exotic. Mr. Kohler owns a golf course which is named after a Winnebago Chief. I'm sure Chief Black Wolf would not want more land bulldozed to nothing for ~~another~~ another golf course. We need to respect our ecosystem and teach and learn to preserve the land around us.

Many of the people I have spoke with want nothing more then to profit off of this land. What about all the ANIMALS, Plant life, Organisms, and water that ~~are~~ already profit off of this land!?! All the people that live in the town of Wilson also profit off of living in a nice quite beautiful area. PLEASE do not let money and greed take such a wonderful place away from everyone and everything. A golf course only provides seasonal jobs. PLEASE do not take AWAY something we will NEVER get back. It took thousands of years to back do not ~~the~~ take that away.

Proposed Kohler Golf Course, Town of Wilson, Sheboygan Co.

* Personally identifiable information collected on this form is used for administrative purposes and may be provided to requesters under the public records laws, ss. 19.31 to 19.39, Wis. Stats.

Please provide your comments on the Draft EIS (please use the back of the sheet if necessary):

I am against the proposed Kohler Golf Course, Town of Wilson.

I am deeply concerned about Shoreland Habitat. I do not ^{support} a Golf course that will destroy the Shoreland habitat, ~~and~~ change wetlands and affect the migratory flyway.

I am concerned about the effect on the wells of the Black ~~River~~ River neighborhood.

I am concerned about the effect of ~~the~~ the golf course on water quality of ~~the~~ due to use of pesticides and fertilizers. →

Lake Michigan

I do not support the 4 acre
exemption for the Golf Course
from Kohler Arden State
Park. I do not want the
DNR to begin breaking up
our State Parks for private
business use.

I am concerned about the
Zoning of Black River —
I understand neighbors
moved there for a quiet
neighborhood. A world class
golf course seems to
be in violation of ~~that~~ zoning.

Please provide your comments on the Draft EIS (please use the back of the sheet if necessary):

I am fully supportive of Kohler being able to build a golf course on their private property. They have a track record of building top notch courses & have pledged to protect the area and the surrounding area both water & land.

The arguments against the golf course really do not mesh with the DNR findings and the economic impact will be tremendous for the Town of Wilson.

There is also the possibility that Kohler will annex the property to the City of Sheboygan, build the course and Town of Wilson will lose all the benefits of this excellent recreational property!
