- PACE Wisconsin: Property Assessed Clean Energy
- LCAH: The Legacy Community Alliance for Health

**Consent form instructions for the entity requesting Customer Energy Usage Data:** The requesting entity must obtain authorization from any Xcel Energy customer for the release of that Customer's Energy Usage Data to the entity. To populate the form by providing all of the information specified in the instructions and appropriately marking all applicable boxes, the entity must provide the completed form for signature to the Xcel Energy customer whose information the entity is seeking.

**The entity requesting Customer Energy Usage Data must provide the following information prior to providing the form to the customer for signature (refer to the corresponding fields):**

- (1) Specify requesting entity's details, including the name of the person the customer may contact with questions.
- (2) Describe the purpose(s) of the proposed use of Customer Energy Usage Data. The description must be detailed enough to inform the customer and Xcel Energy of the purposes for which the data will be used.
- (3) Identify details about the information you are requesting by populating the type of service, the interval and time period for the Customer Energy Usage Data.
- (4) Specify the date the information is requested.
- (5) Provide the full name of the entity requesting the information.

**If any of this information is requested by Xcel Energy:**

### Third-Party Notification and Authorization Form

This form is used to authorize a third party to receive billing notifications and/or discuss or access a customer's account information including billing and payments. Third-party notifications do not expire. Written third-party authorizations are valid up to two years. The customer may only choose one authorized third party for a specific time period. Either party may cancel the third-party notification and/or authorization at any time. Please allow three business days from the date we receive the form to process your request.

**Customer information:** (customer requesting third-party authorization)

Customer name: \_\_\_\_\_

Service address: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_ ZIP: \_\_\_\_\_

## Legacy Community Alliance for Health:

- Exploring the role of local governments in making their cities, villages, towns and counties healthy and accessible for all.
- Building capacity of Legacy Communities to consider and address the health and equity effects of policy and decision making.
- Connecting health and sustainability through things like healthy planning and design, and equitable access to good food and opportunities to be active. See the “Healthy Community Planning” section of the Sustainable Strategies Scoresheet for more information.
