<b>Totals - 1st round</b>	Prohibited			Restricted				Watch				Non-restricted				Insufficient Information	
Number of votes for each classification	xxxxxx							xxx									

Comments:3 - Variegated cultivar is less aggressive but still is invasive. 4- One nursery sells about \$500 per year, cultivar elegans is in commerce, stopped growing species because of invasiveness, grew elegans comes out true from seed, did not seem to be a problem compared to the species but did not think it was worth the risk.

Ratings for Criteria - 2nd round	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	Total #	Average
1. Current status and distribution																	
2. Establishment potential																	
3. Damage potential																	
4. Prevention and control potential																	
5. Socio-economic impacts																	
<b>Totals - 2nd round</b>	Prohibited			Restricted				Watch				Non-restricted				Insufficient Information	
Number of votes for each classification																	

**Final Recommended Classification :** Prohibited

Final Comments/Rationale: Cultivar elegans will be rated seperately as "Watch".
