5. Socio-economic impacts	ii	2	ii		ii	4	4	ii	4						
Totals - Initial ratings	Prohibited				Restricted				Watch				Non-restricted		
Number of votes	x				xxxxxxx										

Recommended Classification : R

Comments:

(4) Much harder to control than initially thought, and large populations appearing very suddenly. Spreads incredibly fast. Persistent. Difficult to control large patches. (5) Will determine counties where restricted is needed. Northern and central counties beware! (9) Appears that it is too widespread for eradication.

Totals - 2nd round	Prohibited	Restricted	Watch	Non-restricted
Number of votes				

Final Recommended Classification : R

Comments:

Central and northern counties beware. Could be prohibited in most counties. Need more distribution info.
