Wisconsin Asbestos Conference 2016

New hosting organization – same important information!

The 2016 Wisconsin Asbestos Conference will be held December 9 at the Kalahari Resorts and Conference Center in Wisconsin Dells. Historically the Department of Natural Resources (DNR) has co-hosted the annual training seminar on asbestos abatement requirements and best management practices with the Department of Health Services (DHS). Starting this year, the coordination and hosting of the annual training will be managed by an outside committee, comprised of members from the long standing planning committee that helped DNR and DHS design the agenda and engage speakers in the past.

To register, go to the conference web page at <http://wisconsinasbestosconference.org/>. For questions or more information, email info@wisconsinasbestosconference.org.
