Welcome!

Lumberjack Trail System is a spectacular trail winding along the edge of the Manitowish River, the Fishtrap Flowage and White Sand Lake. The trail gently rolls through a variety of timber types. The surface is grass, dirt, rocks, and sand. The effort level is easy to moderate. Approximately half of the trail winds through an area that was logged several years ago. The rest of the trail is through old timber. The trail connects with the Escanaba Trail. Lumberjack Trail System has two loops packed down for snowshoeing and fat tire biking which start from the Concora Road trailhead. The blue and green loops are included in the groomed portion of the trail. Backpack camping is allowed and requires a permit. Leashed pets are allowed year-round.

Trail Rules
- Pets are allowed on all trails year-round and need to be on a leash no longer than eight feet at all times. Carry out all pet waste.
- Backpack camping is allowed where designated with a permit.
- Carry out all litter on departure.
- No motorized vehicles allowed.
- A lost and found service is maintained at Crystal Lake and Clear Lake Visitor Stations. If lost items are found, please turn them in at one of these visitor stations. Help us return items to their rightful owners.
