STATE OF WISCONSIN DEPARTMENT OF NATURAL RESOURCES
PUBLIC NOTICE OF INTENT TO REISSUE WISCONSIN POLLUTANT DISCHARGE ELIMINATION SYSTEM (WPDES) GENERAL PERMIT NO. WI-0047341-06-0

General Permit Name: Satellite Sewage Collection System

Receiving Water and Location: Groundwater or surface water in the state of Wisconsin from the wastewater treatment system that receives the wastewater from the satellite sewage collection system.

Brief Description of Facilities Covered under the General Permit: This permit is applicable to municipally-owned satellite sewage collection systems. All municipally owned satellite sewage collection systems shall be operated under the authorization of this general permit or an individual WPDES permit issued by the department. The department may require privately-owned satellite sewage collection systems to be operated under the authorization of this general permit if the department determines that this permit is necessary to assure compliance with the requirements in ch. NR 210, Wis. Adm. Code pursuant to s. NR 210.20, Wis. Adm. Code. Satellite sewage collection system means a municipally owned or a privately-owned sewage collection system that conveys wastewater to another satellite sewage collection system or to another sewerage system that provides wastewater treatment and discharges under a separate WPDES permit as defined in s. NR 205.03(31r), Wis. Adm. Code. Examples of privately-owned satellite sewage collection systems include mobile home parks, hospitals, motels and hotels, or golf courses. This general permit was created to regulate satellite sewage collection system and provide proper operation, maintenance, and funding of satellite sewage collection systems.

Proposed Major Changes from Previous Permit:

- Obtaining permit coverage requirements have been added to the permit under Section 2 to provide instruction and guidance to applicants on how to apply for coverage under this general permit.
- The department has added monitoring and reporting requirements for Sanitary Sewer Overflow (SSO) structures under Section 5.3 to access compliance with recreational water quality standards during SSO events. Also, the sampling and reporting requirements allows facilities that already perform sampling of SSO events to efficiently report the results to department in an electronic format.
- General conditions specific to general permits are now included under Section 6.1.
- General conditions for all WPDES permits are now included under Section 6.2.
- General conditions specific to POTW (Publicly Owned Treatment Works) permits are now included under Section 6.3.

Note: For specific details and information about proposed changes from the previous permit, please see the permit fact sheet.
