Free Fishing Weekend— January 19-20, 2019 and June 1-2, 2019

Every year, the first consecutive Saturday and Sunday in June and the third consecutive Saturday and Sunday in January is designated as Free Fishing Weekend throughout the state of Wisconsin. Residents and nonresidents of all ages can fish without a fishing license (and trout stamps) over these two days. However, all other fishing regulations (length limits, bag limits, seasons, etc.) apply. Please note: You can only fish for trout where the trout season is open.

Purchase your license on-line at:

Your Guide to Regulations and Better Trout Fishing

This guide is specific to inland (including streams that flow into the Great Lakes) trout and salmon fishing. For general fishing rules, which also apply to trout and salmon fishing, refer to the 2019-2020 Guide to Wisconsin Hook and Line Fishing Regulations (Publication FH-301). This pamphlet is a summary of Wisconsin’s trout and salmon fishing laws and regulations. For complete fishing laws and regulations consult the Wisconsin Administrative Code of the Department of Natural Resources (http://docs.legis.wisconsin.gov/code/admin_code/nr/001/20).

Trout and Salmon Fishing Restrictions - Please remember it is illegal...

- to fish without a Wisconsin fishing license or stamp as required. You must have an inland trout stamp if you need a fishing license and intend to fish for trout or salmon in inland waters, including streams flowing into Lake Superior. You need a Great Lakes salmon and trout stamp to fish for trout and salmon in streams that flow into Green Bay and Lake Michigan from their mouths up to the first dam or lake. Note: A Great Lakes salmon and trout is required to fish Lake Superior and Lake Michigan, proper. A 2-day resident inland lake trout license may be purchased to fish for lake trout (Salvelinus namaycush) only in inland lakes (no general fishing license or stamp is required).
- to fish for any species of fish in trout streams when the trout season is closed except that rough fish may be taken by hand.
- to possess a fish that is below the minimum length limit or above the maximum length limit established for the waters being fished.
- to take, catch, kill, or fish for any variety of fish in excess of the daily bag limit or total daily bag limit (see definitions below).
- to possess or fish for more than the daily bag limit of fish while you’re fishing or while you’re on the water, shore or bank of the water, or on the ice, regardless of the number of days fished.
- to possess more than the possession limit at any time. The possession limit on trout in inland waters is 10.
- to move live fish away from a water, except minnows that were purchased from a licensed bait dealer under certain conditions. Check the DNR website for more information - www.dnr.wi.gov/topic/fishing.
- to use or release minnows on rehabilitated trout lakes that are identified with posted signs.
- to possess any live bait or any other baits, hooks or lures other than artificial lures while on the waters, banks or shores of waters where only the use of artificial lures is allowed.
- to remove fish eggs for bait from under-sized fish or fish caught during the closed season for that species. Fish eggs may be removed from legal-sized fish and the fish returned to the water, but the fish would count toward the angler’s daily bag limit. Live fish eggs cannot be transported away from the water.
- to remove insect larvae from any trout stream or spring hole tributary to a trout stream for use or sale as bait except that a licensed angler may take insect larvae or nymphs from trout streams by hand during the open trout season for their immediate personal use as bait in the stream from which taken and all such larvae or nymphs must be returned to the stream prior to leaving the stream from which taken. By hand means no use of small seines or nets or other devices.
Early catch and release season for trout - First Saturday in January at 5:00 a.m. to the Friday preceding the First Saturday in May at midnight on the waters listed in 1 through 19 below:

**January 5, 2019 to May 3, 2019**

- All trout caught during this time must be immediately released (The daily bag limit is 0).
- Only artificial lures may be used.

Note: The early season does not apply to spring ponds, ponds, lakes, Lake Michigan tributaries, major Green Bay tributaries, all other tributary streams, rivers and ditches to Green Bay upstream to the first dam or lake, or streams flowing into Lake Superior and their tributaries upstream to the first impassable barrier.

**Early season streams**

1. All streams in Adams, Barron, Buffalo, Burnett, Chippewa, Clark, Columbia, Crawford, Dane, Dunn, Eau Claire, Fond du Lac, Grant, Green, Green Lake, Iowa, Jackson, Jefferson, Juneau, Kenosha, La Crosse, Lafayette, Milwaukee, Monroe, Ozaukee, Pepin, Pierce, Polk, Price, Racine, Richland, Rock, Rusk, St. Croix, Sauk, Sawyer, Sheboygan, Taylor, Trempealeau, Vernon, Walworth, Waukesha, Washington, Waukesha and Wood counties are open. (Note: all streams in Brown, Calumet, Door, Kewaunee, Manitowoc, Menominee, Outagamie and Winnebago counties are closed)
2. Ashland county—All streams, except Lake Superior streams from their mouths upstream to the first impassable barrier.
3. Bayfield county—All streams, except Lake Superior streams from their mouths upstream to the first impassable barrier.
4. Douglas county—All streams, except Lake Superior streams from their mouths upstream to the first impassable barrier.
6. Forest county—Peshtigo river downstream from U.S. highway 8, Pine river downstream from STH 55, and Rat river downstream from Scattered Rice lake.
7. Iron county—All streams, except Lake Superior streams from their mouths upstream to the first impassable barrier.
8. Langlade county—Wolf River.
9. Lincoln county—All streams west of STH 51 and Prairie river downstream from CTH J.
10. Marathon county—Black creek (mouth at T27N R7E S4), Black creek (T30N,R3E), Grass creek, McGinnis creek, Fourmile creek, Noisy creek, and Plover river from STH 29 downstream to STH 153.
11. Marinette county—North branch Peme Bon Won river downstream from STH 141, Peshtigo river upstream from CTH C, Pike river between CTH V and CTH K, and Rat river.
12. Marquette county—Chaffee creek downstream from CTH B, Klawitter creek, Lawrence creek, Lunch creek, Mecan river upstream from STH 22, Neenah creek, O’Keefe creek, Wedde creek and Westfield creek.
13. Oconto county—North branch Oconto river downstream from STH 64 and south branch Oconto river downstream from CTH AA.
14. Oneida county—All streams west of STH 51 and Bearskin river.
15. Portage county—Ditches 1 through 6 downstream from Townline road and Tomorrow river from Amherst downstream to Durrant road.
16. Shawano county—Middle branch Embarrass river from Homme dam to STH 29, north branch Embarrass river from Tilleda dam downstream to Leopolis dam and Red river downstream from lower Red Lake dam.
17. Vilas county—Mishonagon creek.
18. Waupaca county—North branch Little Wolf river from CTH P to CTH J, south branch Little Wolf river, and Waupaca river from Frost Valley road to STH 54.
19. Washburn county—Carter creek, Leola ditch, Mecan river downstream from 11th Road, Pine river downstream from CTH K to Poy Sippi pond, Roche-a-Cri creek, Willow creek from Blackhawk Road to 29th Lane, and White river from STH 21 to lower White River millpond.

**General open season for trout and salmon in inland streams, springs and spring ponds** - First Saturday in May at 5:00 a.m. through October 15 except as listed in the Specific Waters Listed by County section.

**May 4, 2019 to October 15, 2019**

**General open season for trout and salmon in inland lakes and ponds** - First Saturday in May at 5:00 a.m. through the first Sunday in March of the following year except as listed in the Specific Waters Listed by County section.

**May 4, 2019 to March 1, 2020**

**General open season daily bag, total daily bag and possession limits:** The daily bag limit is the maximum number of fish that an angler may reduce to his/her possession from a specified waterbody or a portion of a waterbody in one day. The total daily bag limit is the maximum number of fish that an angler may reduce to his/her possession in one day from all waters or portions of waters fished for that day. An angler may combine the catch of a particular species from multiple waters until the total daily bag limit is reached as long as the daily bag limit for each body of water is never exceeded. Be aware that while on the water, bank or shore of the water, or on the ice, you may not possess more than the daily limit for that body of water. For example, an angler catches a daily limit of brown trout from a 3-bag limit stream. The angler can not then fish another stream with a 3-brown trout limit while still possessing the 3 brown trout from the previous stream. The total daily bag limit is 5 trout and salmon in total, except as listed in the specific waters listed by county. The possession limit is the maximum number of fish that a person may possess at any time. The possession limit is 10.

**Lake trout fishing in inland lakes** *(Salvelinus namaycush)*

**Open season:** January 5, 2019 - September 30, 2019; Length limit: 17”
**Daily bag limit:** 2; **Waters:** Green Lake Co. - Green Lake and tributaries upstream to the first dam; Langlade Co. - Goto Lake; Walworth Co. - Lake Geneva; Washington Co. - Big Cedar Lake

**Open season:** May 4, 2019 - September 30, 2019; **Length limit:** 30”
**Daily bag limit:** 1; **Waters:** Forest Co. - Lucerne Lake; Oneida Co. - Big Carr Lake; Vilas Co. - Black Oak, Little Trout, Long, Trout, White Sand (Boulder Jct.) lakes

**Note:** Lake trout found in waters not listed above fall under the base regulation for that county.

**Lake Michigan streams**

Lake Michigan streams up to the first dam, lake or designated tributary are shown in black on the maps. See the inland stream regulations for all stream segments above the first lake, dam or designated tributary mouth (colored coded green, yellow or red.)

Except as otherwise specified, all streams flowing into Lake Michigan and Green Bay have the following regulations from their mouths upstream to the first dam, lake or designated tributary; including the Little River from its confluence with the Oconto River upstream to the STH 141 bridge; the entire Kewaunee River and its tributaries except Little Scarboro Creek, Scarboro Creek, Roger Creek, and Casco Creek; the Milwaukee River upstream to the Grafton Dam in the village of Grafton and tributaries of the Milwaukee River upstream to the first dam or lake; the Menomonee River upstream to the Lepper Dam in...
the village of Menomonee Falls and tributaries of the Menomonee River upstream to the first dam or lake; the unnamed tributary (Willow Creek) to the Sheboygan River, and the Pike River and its tributaries in Kenosha and Racine counties:

**Daily bag limit:** 5 trout and salmon in total

**Minimum length limit:** 10”

**Hours, seasons, gear restrictions:** From September 15 to the first Saturday of the following May, you may not use hooks that have a gap size larger than one-half inch from point to shank.

**Special regulations:** The following special regulations apply to the following waters

- **Night fishing by any method:** From September 15 to December 31, fishing by any method is prohibited from one-half hour after sunset to one-half hour before sunrise.

- **Night fishing by hook and line:** From January 1 to the first Saturday in May, hook and line fishing is prohibited from one-half hour after sunset to one-half hour before sunrise.

- **The section of the Peshtigo River upstream from the railroad bridge at the NE ¼ of the NE ¼ section 30, township 30 north, range 23 east (Peshtigo City Garage) to the first dam**

- **The section of the Oconto River from the upstream side of Hwy 41 upstream to the first dam and the section of the Little River upstream from the Oconto River to Hwy 141**

- **All Lake Michigan tributaries and all other Green Bay tributary streams, rivers and ditches upstream to their first dam or lake, except this DOES NOT apply to the Menominee River (Marinette Co.).**

There is a year-round season on Lake Michigan tributaries and the following stream sections of Green Bay tributaries:

- **Duck Creek (Brown Co.), from the first dam above the Pamperin Park footbridge (Village of Howard) downstream to Green Bay;**
- **Suamico River (Brown Co.), from the CTH “HS” bridge downstream to Green Bay;**
- **East River (Brown Co.), from the CTH “XX” (Hoffman Road) bridge downstream to the Fox River;**
- **Little Suamico River (Oconto Co.), from the CTH “J” bridge downstream to Green Bay;**
- **Pensaukee River (Oconto Co.), from the CTH “J” bridge downstream to Green Bay;**
- **Oconto River (Oconto Co.), from the Stiles dam downstream to Green Bay;**
- **Little River (Oconto Co.), from the Highway 141 bridge downstream to the Oconto River;**
- **Little River (Marinette Co.), from the Rader Road bridge downstream to the Oconto River;**
- **Peshtigo River (Marinette Co.), from the Peshtigo dam downstream to Green Bay.**

The season for lake trout on all other Green Bay tributaries and ditches including tributaries to the sections of above named streams is May 4, 2019 to March 1, 2020.

### Lake Superior streams

*(all streams are located in Ashland, Bayfield, Douglas and Iron counties and shown as black on the maps)*

The regulations for Lake Superior vary according to the life histories of river resident and lake-run migratory trout and salmon.

Many streams from their mouths at Lake Superior upstream to the first impassable permanent barrier have early and extended fishing seasons in the spring and fall, which are listed with their regulations in the **Specific Waters Listed by County** section. Any stream not listed in that section has the following general regulation:

- **Open season:** May 4, 2019 at 5:00 am to September 30, 2019
- **Daily bag limit:** 5 trout and salmon in total, only 2 of which may be brown trout over 15” and only 1 of which may be a rainbow trout
- **Minimum length limit:** brook trout 8”; brown trout 10”; salmon 12” and rainbow trout 26”

Impassable permanent barriers on Lake Superior streams include, but are not limited to, the following:

Aquatic invasive species are nonnative plants, animals and pathogens that harm our environment and our economy. Wading anglers are reminded to do their part to help stop aquatic hitchhikers this fishing season. When moving between streams, anglers need to remove all plants, animals and debris from gear, and to drain all water from equipment. A stiff brush to scrub gear and a small sprayer filled with tap water is helpful in removing small, hard-to-see invasive species, like the recently discovered New Zealand mudsnail. If you have recently been out of state or frequently fish between basins, consider using different gear or more thorough decontamination methods as you are at high risk of spreading invasive species.

To prevent the spread of aquatic invasive species, all water users are required by law to:

- **Inspect** your boots, waders, nets, and other equipment.
- **Remove** any attached aquatic plants or animals (Before moving to a new waterbody)
- **Drain** all water from boats, motors and all equipment
- **Never move** live fish away from a waterbody. Icing your catch is a great alternative.
- **Dispose** of unwanted bait in the trash.

STOP AQUATIC HITCHHIKERS!

Prevent the transport of nuisance species. Clean ALL recreational equipment.
Trout Fishing Made Easy

New to trout fishing? Don’t know where to go? Here are some trout fishing locations recommended by fisheries biologists for their ability to produce fish and their ease of access. Give them a try!

**Public or Private? How Do I Know If I'm Trespassing?**

- Navigability determines whether a waterway is public or private. Navigable lakes and streams are public waterways.
- A waterway is navigable if it has a bed and banks and it is possible to float a canoe or other small craft at some-time of the year—even if only during spring floods.
- Because they are public, you may use navigable waters for fishing, boating, swimming or other recreational activi-ties, provided public access is available, or you have permission of the land owner to cross their property to reach the waterway. Once on a navigable waterway, **AS LONG AS YOU KEEP YOUR FEET WET, YOU MAY WALK ALONG THE BED OF THE STREAM, FISH, SWIM, OR BOAT IN ANY NAVIGABLE LAKE OR STREAM.**

Fishing Wisconsin’s Trout Streams
Map Index

The maps in this booklet are a general guide to help you locate trout waters and they show approximate boundaries of all trout streams classified by the DNR. They do not include all unnamed streams or all spring ponds. For exact boundaries of regulations and open seasons see the text of this pamphlet and observe signs posted on the waters.

For more information, please view the Wisconsin Trout Streams publication and detailed trout stream maps found at dnr.wi.gov/topic/fishing/trout/streamclassification.html.

TROUT REGULATIONS KEY
The legend below shows you the regulation categories that are shown on the maps inside the booklet. Each color means a different length and bag limit.

Regulation Category
Color | Minimum Length Limit | Daily Bag Limit
--- | --- | ---
None | 5 in total | 5 in total
8 inches | 3 in total | 3 in total
Special regulations: length and bag limits vary by specific water. Lake Michigan and Lake Superior tributaries
